

Flower Counting Worksheet www.flowercount.com

How to Count:

Please count the number of flowering trees and flowering bushes plus any other flowers you see. Compute the number of blossoms using accepted rules of thumb (a green thumb, of course), then add your additional flowers and enter the total on the Victoria Flower Count website under your municipality.

Flowering Trees:

Small tree full of blossoms = 250,000 blossoms

Medium tree full of blossoms = 500,000 blossoms

Large tree full of blossoms = 750,000 blossoms

Flowering Heather Bushes:

Small Heather bush = 500 blossoms

Medium Heather bush = 1,000 blossoms

Large Heather bush = 2,000 blossoms

Other Flowers:
